These documents contain valuable information from the former JTC 1 Directives that was not included in the JTC 1 Supplement, but it is still vital to the operation of JTC 1. The information contained in these documents can be considered as the operating rules of JTC 1 and its subcommittees.

Please note that these documents have been posted in their unfinished format. While the information contained in the documents will not change when finalized, the documents will be given cover sheets and numbers. We have posted these documents in this format to aid JTC 1 members in the transition to the JTC 1 Supplement. We will inform you when the finalized documents have been prepared.

Any comments should be sent to the SC17 secretariat.
