ISO/IEC JTC 1 Information Technology

Document Type: other document (defined)

Document Title: Patent Statement and Licensing Declaration

Document Source: ISO Central Secretariat

Project Number:

Document Status: As per resolution 21 of the October 2004 JTC 1 meeting in Berlin, JTC 1 resolved to adopt a unified patent statement form for use by JTC Subcommittees for projects that are not developed collaboratively with ITU-T. JTC 1 asked ITTF to develop a draft of such a form using the recently agreed form for use by ITU-T and ISO/IEC for common and twin text as a basis.

This draft form is now circulated to JTC 1 National Bodies for review and comment by 2005-08-06. If no substantive issues are identified, this statement will be considered approved for use by all JTC 1 Subcommittees.

Licensing declaration

The Patent Holder believes that it holds granted patents and/or pending applications, the use of which would be required to implement the above ISO/IEC International Standard and hereby declares, in accordance with the ISO/IEC Patent Policy (JTC 1 Directives), that (check one box only).

1. The Patent Holder will grant a royalty-free license to an unrestricted number of applicants on a worldwide, non-discriminatory basis to use the patented material necessary in order to manufacture, use, and/or sell implementations of the above ISO/IEC International Standard. Mark here ___ if the Patent Holder's willingness to license is conditioned on reciprocity for the above ISO/IEC International Standard.*
2. The Patent Holder will grant a license to an unrestricted number of applicants on a worldwide, non-discriminatory basis and on reasonable terms and conditions to use the patented material necessary in order to manufacture, use, and/or sell implementations of the above ISO/IEC International Standard. Mark here ___ if the Patent Holder's willingness to license is conditioned on reciprocity for the above ISO/IEC International Standard.* Negotiations of licenses are left to the parties concerned and are performed outside ISO/IEC.
3. The Patent Holder is unwilling to grant licenses in accordance with provisions of either 1 or 2 above. In this case, the following information must be provided as part of this declaration:
- patent registration/application number;
 - an indication of which portions of the ISO/IEC International Standard are affected.
 - a description of the patent claims covering the ISO/IEC International Standard;

* "Reciprocity" means with respect to other parties that have a patent or patent claim required in the

use or implementation of the relevant ISO/IEC International Standard(s), the Patent Holder shall only be required to license to such parties if they are willing to license their patents or patent claims under options 1 or 2 of the Patent Statement and Licensing Declaration.
